Dialogue Australasian Network

The Dialogue Australasian Network is an exciting and important initiative arising from the need to take values education more seriously in Australasian schools. There are now well over 400 schools and organisations who are part of this growing and vibrant network. Our aim is to help our young people to become more fully human by nurturing and promoting the development of a broad based academic approach to values and religious education across both independent and state schools in Australasia. This involves a Five Strand approach which takes seriously five essential areas;

-Philosophy of Religion

-Silence and Stillness

-Theoretical and Applied Ethics

-The Biblical and Christian Tradition

-World Religions

Membership is open to any individual, school or organisation who would like to be part of this exciting and important initiative. DAN supports its members through the journal, Dialogue Australasia, the website, teaching resources, academic fellowships, competitions, workshops and conferences.

Schools/organisations that are members of DAN

THE LIST BELOW CONSISTS OF SCHOOLS/ORGANISATIONS THAT ARE CURRENT MEMBERS OF DAN AS OF AUGUST 2006.

*PLEASE NOTE THAT THERE ARE SOME OTHER SCHOOLS/ORGANISATIONS THAT JUST SUBSCRIBE TO THE JOURNAL. JOURNAL SUBSCRIBERS ARE NOT LISTED BELOW AND DO NOT RECEIVE MEMBERS BENEFITS.
